

ADMS™

ADVANCED DISASTER MANAGEMENT SIMULATOR

OPTIMAL PREPAREDNESS
FOR EMERGENCY RESPONDERS

ADMS-COMMAND

ADVANTAGES

ORGANIZATIONAL

High value, low cost
Freedom of time and location
Low impact on organization
Safe and non-polluting

EDUCATIONAL

Powerful learning environment
Realistic and challenging
Ability to experiment
Optimal feedback & reflection

INSTRUCTOR

Supports local curricula
Easy to operate
Control of exercise
Individual trainee attention

VIRTUAL THREAT | REAL SWEAT

ADMS-COMMAND™ is the training system built upon the solid Advanced Disaster Management Simulator (ADMS) platform, backed of over a decade of field-proven maturity. ADMS-COMMAND is the world's only multi-disciplinary, immersive, dynamic and truly open-ended emergency response simulation platform.

Training with ADMS-COMMAND rapidly advances the effective coordinated response of emergency responders for any incident. ADMS-COMMAND enhances training programs to deliver innovative, stressful and effective training, which can address high priority national homeland security training needs, such as NIMS/ICS compliance.

By presenting engaging, real-world, physics-based scenarios and environments, ADMS enables response personnel to perform and enhance team and individual skill sets. Training with ADMS saves lives and mitigates damage.

NEXT-GEN TRAINING TECHNOLOGY

- New Intelligent Agents Carry Out High-Level Decisions
- Revolutionary Visuals & Real-Time, Real-World Physics
- Supports Tactical and Strategic Preparedness
- Expandable from 1 to 50 Networked Stations

OPTIONS

TEAM SYSTEMS

- Mono/Multi-Disciplinary
- Command & General Staff

INDIVIDUAL SYSTEMS

- Command Staff Training
- Evaluation of Plans & Staff

PORTABLE

- Laptop-Based
- 5-Station Stand-Up System
- Packs into 3 Cases

INSTALLED

- Hi-Fidelity Training Theaters
- Immersive Visuals & Surround Sound
